**INDEPENDENT AUDITORS' REPORT
TO THE MEMBERS OF PT FOUNDATION**

Report on the Financial Statements

We have audited the financial statements of **PT FOUNDATION**, which comprise the balance sheet as at 31st December 2012, and the income statement, statement of changes in equity and cash flow statement for the year then ended, and a summary of significant accounting policies and other explanatory notes, as set out on pages 8 to 17.

Trustees' Responsibility for the Financial Statements

The trustees of the Foundation are responsible for the preparation and fair presentation of these financial statements in accordance with Financial Reporting Standards and the Companies Act 1965 in Malaysia. This responsibility includes: designing, implementing and maintaining internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with approved standards on auditing in Malaysia. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, including the assessment of risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the Foundation's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the trustees, as well as evaluating the overall presentation of the financial statements.

In common with many foundations of similar size and organization, the Foundation's system of internal control is dependent upon the close involvement of the trustees. Where independent confirmation of the completeness of the accounting records were not available, we have accepted the assurances from the trustees that all the Foundation's transaction have been reflected in the records.

During the period of April 2012 to October 2012 there were significant withdrawals of cash for salaries and interaccount transfers by the then Finance Manager, Mr. Sivakumaran Thevasabai. Mr. Sivakumaran Thevasabai passed on, on the 3rd of November, 2012.

During the course of the preparation of accounts it was identified that cash withdrawn were never deposited, collections from fund raising were never accounted for and some claims were never paid. The totals of this "**loss of cash**" amounted to RM 107,946.

Due to the untimely demise of the then Finance Manager, the Foundation had little choice but to lodge a police report and is currently in the process of seeking legal redress from the late Sivakumaran Thevasabai's estate. We are uncertain of the outcome this proceedings and based on the concept of prudence have written off this "**loss of cash**" to the Profit and Loss Accounts.

| Furniture and fittings | 20% |
| Office equipment | 20% |
| Renovation | 20% |

FOUNDATION NO: 526540-W

2. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

2.3 Foreign Currencies

Transactions in foreign currencies are recorded in Ringgit Malaysia at rates ruling on transaction dates. Foreign currency assets and liabilities are reported in Ringgit Malaysia at rates of exchange which closely approximate those ruling at balance sheet date. Exchange gains and losses are recorded in the income statement in the period they arise.

2.4 Revenue Recognition

Revenue from donation is recognised upon receipt of funds from donors.

2.5 Income Tax

Tax on the profit or loss for the year comprises current and deferred tax. Income tax is recognised in the income statement except to the extent that it relates to items recognised directly in equity, in which case it is recognised in equity.

Current tax expense is the expected tax payable on the taxable income for the year, using tax rates enacted or substantially enacted at the balance sheet date, and any adjustment to tax payable in respect of previous years.

Deferred tax is provided, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Temporary differences are not recognised for the initial recognition of assets or liabilities that at the time of the transaction affects neither accounting nor taxable profit. The amount of deferred tax provided is based on the expected manner of realisation or settlement of the carrying amount of assets and liabilities, using tax rates enacted or substantially enacted at the balance sheet date.

A deferred tax asset is recognised only to the extent that it is probable that future taxable profits will be available against which the asset can be utilised.

2.6 Employee Benefits

i) Short-term Employee Benefits

FOUNDATION NO: 526540-W

2. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

2.7 Impairment of assets

The carrying values of assets are reviewed for impairment when there is an indication that the assets might be impaired. Impairment is measured by comparing the carrying values of the assets with their recoverable amounts. The recoverable amount is the higher of net realisable value and value in use, which is measured by reference to discounted future cash flows. Recoverable amounts are estimated for individual assets or, if it is not possible, for the cash-generating unit.

An impairment loss is charged to the income statement immediately, unless the asset is carried at revalued amount. Any impairment loss of a revalued asset is treated as a revaluation decrease to the extent of previously recognised revaluation surplus for the same asset.

Subsequent increase in the recoverable amount of an asset is treated as reversal of the previous impairment loss and is recognized to the extent of the carrying amount of the asset that would have determined (net amortisation and depreciation) had no impairment loss been recognized. The reversal is recognized in the income statement immediately, unless the asset is carried at revalued amount. A reversal of an impairment loss on a revalued asset is credited directly to the revaluation surplus. However, to the extent that an impairment loss on same revalued asset was previously recognized as expenses in the income statement, a reversal of that impairment loss is recognized as income in the income statement.

2.8 Financial Instruments

Financial assets and financial liabilities recognised in the balance sheet include cash and bank balances and other receivables and payables. The measurement bases, extent and nature of the financial instruments are disclosed in their respective accounting policies.

Financial instruments are classified as liabilities or equity in accordance with the substance of the contractual arrangement. Interest, dividends, gains and losses relating to a financial instrument classified as a liability, are reported as expense or income. Distributions to holders of financial instruments classified as equity are charged directly to equity. Financial instruments are offset when the Company have a legally enforceable right to offset and intends to settle either on a net basis or to realise the asset and settle the liability simultaneously.
